DETAILED ACTION

1. Response and amendment filed 3-18-04 has been received and entered.
2. Claims 2-11, 13-16, 18-19, 21, 23-24 and 27-48 have been cancelled.
3. Claims 1, 12, 17, 20, 22, 25, and 26 have been amended.
4. Claims 1, 12, 17, 20, 22, 25, 26, and 49-51(drawn to an ex vivo method of gene therapy using IL-1 receptor) are pending and under consideration.
5. The office of Joseph H. Kim was contacted on 6-8-04 to indicate that except for the claim that recites MFG vector, other claims were allowable. Mr. Lee (Mr. Kim's associated) stated that he would get back to the Examiner after talking to Mr. Kim. However, no response was obtained. Accordingly a new office action is issued.
6. The 112 first paragraph rejection of claims 1, 12, 17, 20, 22, 25, 26 has been withdrawn in view of the amendments and applicants response.
7. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
8. Claims 22 remains rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 22 and 23 are indefinite because they recite abbreviated forms of words, such as MFG vector, sIL-1r type etc. Using the full form of the terms with the abbreviated form in parenthesis when recited first time will obviate the rejection. Applicant's arguments filed 3-18-04 have been fully considered but they are not persuasive. Applicants argue that MFG and sIL-r are names, however the specification does not define what is encompassed by these claims. Therefore, applicants' arguments are not persuasive.

9. The 103 rejection of claims 1, 12, 17, 20, 22, 25, 26 is withdrawn in view of applicants arguments.
10. Claims 1, 12, 17, 20, 25, 26 and 49-51 are allowable.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
